

Hon. Mr. Prasertpong Sornnuwat, Third Vice-Chairperson of the Ad-hoc Committee on Studying the Systematic Problem Solution Guidelines of the Sea Wave Coastal Erosion and Marine Resources Development announced the result of committee's meeting

15 Feb. 2021

On Monday 15th February 2021, at 13.30 hrs., at the Press Conference Room, 1st floor, Parliament Building, Hon. Mr. Prasertpong Sornnuwat, Third Vice-Chairperson of the Ad-hoc Committee on Studying the Systematic Problem Solution Guidelines of the Sea Wave Coastal Erosion and Marine Resources Development stated the result of the committee's meeting. In this regard, today the committee considered people's petition on the seashore dam construction projects at Samret beach and Somboon beach, Tha Chana District, Surat Thani Province, of the Department of Public Works and Town & Country Planning (DPT). In the case of Samret beach, the private sector illegally dug the sand ridge with no permission of Marine Department. Furthermore, some people in local area disagree to the seashore dam construction because they want to conserve the natural resources and use that area as a place of work. Consequently, the committee demands the Governor of Surat Thani Province and Director-General of DPT to investigate and then punish the offenders.
